County Tax Rate Up 7.85 Cents

San Mateo County Board of Supervisors Tuesday adopted a basic tax rate for the fiscal year 1944-45 of $1.1485, slightly less than 8 cents above last year's rate of $1.07.

Supervisor Chmn. Fred E. Beer pointed out that an increase in the basic tax rate was necessitated because of salary increases for county employes, establishment of the retirement system, appropriation of $30,000 to match money for postwar planning, $33,180 for postwar memorial planning and $25,000 for juvenile home construction fund.

A total of $1,490,136.45 is to be raised by taxation this year, plus $33,180 for war memorial planning, or a total of $1,523,316.45. The grand total of general county and special districts budgets (including bond redemption and interest budgets) is $9,223,256.83, of which $3,998,705.15 is to be raised by taxation. The tax rate was based on a valuation of $131,720,153.

Winfield Scott, secretary of the County Civic League, was the only person in the audience to comment on the tax rate. He said he was not opposing any of the appropriations this year, but he questioned the assessments set by the school districts. Supervisor Thomas L. Hickey pointed out the board had nothing to do with the school district assessments.

The rate of .0393 for the county free library does not apply to the cities of Redwood City, San Mateo or Burlingame.

The supervisors approved a road department fund of $436.495.50.

Tells of London Heroism in 1940

The Rev. Edward Morgan, of the Holy Trinity Church in London told members of the St. Peter's Episcopal Church in Redwood City yesterday of the heroic part played by the civilians during the 1940 Nazi plunder of England.

Reverend Morgan, lay leader of the Episcopal Church here 40 years ago, told members of the congregation how United States aid to stricken English people undoubtedly saved England from annihilation by Germany during the stormy months of 1940.

He also told of Great Intercession Service in St. George's Chapel, Windsor Castle, in which prayers were held for the safety of thousands fleeing the battlefield at Dunkirk, and he described the destruction caused by Nazi bombs upon the churches of London. The Reverend's own church was destroyed completely by explosive and incendiary bombs, although the Lady Chapel remained unharmed, he explained.

"The English people never lost heart, nor faith," Reverend Morgan said.

T. E. McGowan Dies in Action

Pvt. Thomas E. McGowan, whose wife has been residing with her sister at 569 Canyon Rd. in Redwood City, was killed in action on Saipan June 25, Mrs. McGowan learned recently in a telegram from the Navy Department.

McGowan, whose former home was in New York, enlisted in the marines shortly after Pearl Harbor, and met his wife at Mare Island where she was stationed as a Navy nurse.

After their marriage in Redwood City two years ago, they spent considerable time here. Since McGowan went overseas last year, Mrs. McGowan and their 3-month-old daughter, Sybil Rene, have been living with Mrs. J. P. Krier on Canyon Rd.

He is survived by his widow, his daughter, and his mother and father in New York. His brother, Bill, who last year attended Sequoia High School, also lives in New York.

American production of steel reached an estimated total of 89 million tons in 1943.

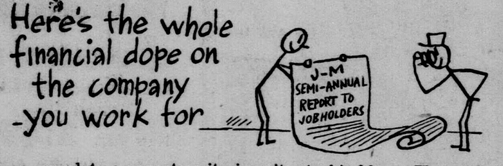
Let's Have No Post-War Sniping

Speaking of the well-known post-war period to come, Lewis H. Brown, President of Johns-Manville, recently said: "If government is then sniping at business or business is sniping at government, or if management and labor can't find ways to work together, then all of us will suffer from a tragic disunity. But with unity of purpose, the right leadership and the exercise of good common sense, I am confident the nation can recover rapidly from the scars of war."

J-M FINANCIAL FRANKNESS

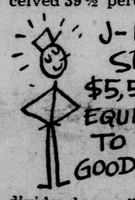
Johns-Manville was one of the first companies to smack its financial cards on the table for its employees to see. J-M does this twice a year—gives the jobholders just



as complete a report as it gives its stockholders. The mid-year J-M report to jobholders has just been made.

Earnings Were 5 Cents on the Dollar

The company sold $49,759,262 worth of its products in the first half of 1944. Out of this, the jobholders received 39½ percent, and the stockholders 2 percent. About 3½ percent was put back into the business to insure future operation and future jobs.



The total dividends were $893,750. This is just 2 cents on each dollar of sales. Total earnings were a little over 5 cents on each dollar. It took an investment of over $75 million in buildings, machinery, tools, and other property to earn this money and make the dividends possible. This investment is equal to more than $5,500 for each J-M worker.

SHORTAGE OF WORKERS

The report also reveals that this half year the company sold about $1¼ million less products, many of them needed for the war. The decline was caused by a shortage of over 1,000 workers, due to wartime manpower limitations in J-M's fifteen plants and three mines.

Over 4,400 J-M jobholders are now in the armed forces. Forty-two of them have given their lives in the service of their country.

J-M Celite in the Match You Light

Ordinary matches would pop like firecrackers if the explosives in them weren't chemically slowed down. This is done with a J-M product, Celite. This Celite is also used in hardening the monthly phonograph record edition of the *Reader's Digest* for the blind.

Comparison of County Budgets And Tax Rates, 1943-44, 1944-45

San Mateo County tax levy as approved by the Board of Supervisors Tuesday boosts the 1944-5 tax rate $.0785 over the hate for the past year, figures released by the County Controller's office show.

Tax rate for the 1944-5 fircal year was set at $1.1485 per $100 valuation of personal and real property, as compared to $1.07 last year.

Most significant changes, supervisors point out, are the additions of funds for war ration boards, juvenile home, agriculture labor camps, and war memorial, and elimination of a $32,000 item for Civilian Defense.

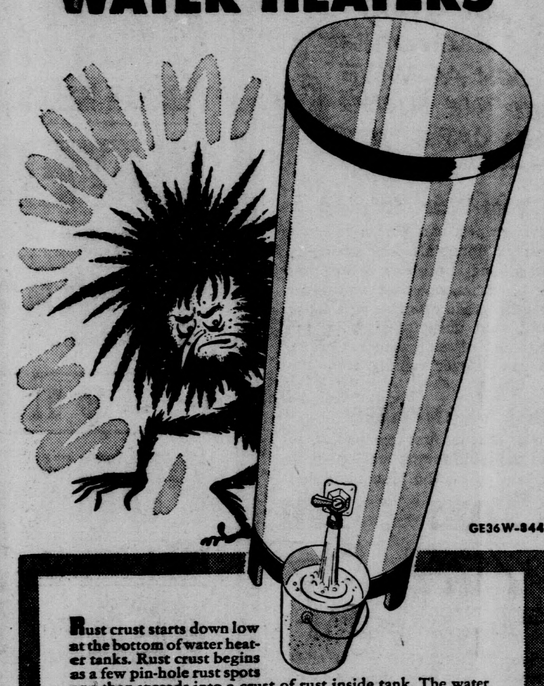
"RUST CRUST"
DESTROYER OF
WATER HEATERS



GE36W-844

Rust crust starts down low at the bottom of water heater tanks. Rust crust begins as a few pin-hole rust spots and then spreads into a crust of rust inside tank. The water conditions in your locality determine how rapidly rust crust develops and how soon your water heater tanks rust through and begin to leak. *There is one precaution to take...flush your water heater tank at frequent intervals.* This is simple and easy to do. Attach a hose to the faucet drain on your water heater and run off water into a bucket until water runs clear. *Do not* turn off the gas, electricity or water supply as full pressure is needed to clear tank of sediment. Do this every ninety days and rust crust formation and tank failure can be retarded.

News of Commuters

By JOE CABOOSE

Our lead story today was to have been about the waste paper salvage drive, but Bert Conroy phoned us to "hold everything," so now we find ourselves with very little to write about. It's the dull season anyhow, with many of our operatives and news gatherers on vacation, and the late summer languor taking possession of Caboose himself.

★ ★ ★

These days of 92 in the shade remind us of life in the deep South where one moves or bestirs himself only of necessity, and then with the greatest of effort. One day we came upon Uncle Jim sitting in the sun and moaning as if in pain. Asked what was wrong, he said he was sitting on a sharp rock and it hurt him. But he was too tired to move.

★ ★ ★

But we managed, without undue strain, to phone around and dig up a few personals. Tom Giannini, former San Francisco banker, is now affiliated with the Walter Realty Co., in Redwood City. Good luck to you, Tom! . . . Bill Silverthorne, who purchased the Lou Jenkins home on Arlington Rd., received word Saturday that his father, Willis V. Silverthorne, had passed away in Florida. Our deepest sympathy, Bill.

★ ★ ★

Our good friend John "Pop" Mullen was in St. Joseph's hospital in the City last week for a general checkup. As we get the story from his son-in-law, Al Storch, the examining physician found "Pop" to have a heart and blood pressure of a man 35. After a few other tests, the doctor chased "Pop" home and went to bed himself. No wonder "Pop" was so active on the night club circuit while Mommy was stranded in L. A. recently.

The mention of Lou Jenkins above, reminds us we had some word of this popular former resident and councilman of Redwood City and his family yesterday when the Curran-Winklebleck family returned home after a week's vacation at Santa Cruz. Lou is now a big amusement and resort tycoon, being president of the Seaside Company, which is to Santa Cruz what Coney Island is to New York, only more so.

★ ★ ★

Despite his important and responsible position, Lou is never too busy to be hospitable, especially to his old friends from Redwood City. And that goes double for his charming wife, Alma, who we understand has become quite active in the civic and social life of the community. Alma is president of the Mother's Club, a school organization, and she is a member of the city's Recreation Commission. Lou thus far has resisted the urge of politics, but we shouldn't be surprised any time to hear that he is mayor of Santa Cruz. And if that ever happens, we'll know the town is being run all right! Continued success to you, Lou and Alma Jenkins.

PETERSEN ESTATE

Clara G. Petersen, who died May 7 of this year at 176 West Bellevue Ave., San Mateo, left an estate of $34,822.81, Appraiser James A. Lee reported today. The estate consists of securities and real property in Hayward Park and in Butte County. Mrs. Petersen had lived in San Mateo 29 years.

We notice the S.P. is campaigning by means of subtle car posters against some of the annoying vices of thoughtless commuters. One poster shows a slap-happy commuter with his long legs stretched across a double seat blandly telling a line of seat-hungry standees "we are holding this seat for a bridge game!" Another poster, without words, shows Mrs. Fatso sitting in the aisle position of a seat and a little package tied up in ribbon on the seat beside her. Her look dares anyone to try to take the seat.

One we have not yet seen, but would like to see, is the moronic cutie puffing a cigaret in a car reserved for non-smokers. Incidentally, while we applaud this worthy effort of the S.P., we would also remind them that the passengers might be in better humor to conform if they could get ice water to drink during these hot days. Water in the so-called "coolers" on the 9:45 out of S.F. Saturday night was almost warm enough to cook eggs.

★ ★ ★

We wish to compliment David Schutz for his excellent column "Redwood City Men's Clubs." It is newsy and personal and easy to read. If the respective secretaries or designated contacts keep him supplied with material this should become one of the most popular and widely read features of the Tribune.

★ ★ ★

Next Sunday is the BIG DAY for Commuters . . . when they rally 'round the swimming pool and the barbecue pits at the tum Suden place in Emerald Lake. Secretary McKeegan's letter only hints at the good things in store for us. We know a secret we can't tell . . . about what we're going ot have to eat. You'll be surprised and pleasantly so. Don't miss this party! You'll have all day Monday—Labor Day—to rest up!

Met Jack Poole last evening as he was hurrying to attend the soft ball benefit game for Sam Reno. Thanks to Jack, we went ourselves and were delighted to see the stands packed, which testified to the deserving popularity of young Reno. Sam was injured during a recent game.

Meal planning for the long week-end

HERE COMES the last "long week-end" of the year! And whether you spend all of it at home or enjoy a family picnic out-of-doors, one thing is certain: meals will have to be prepared.

If those meals are *planned* well in advance—and if all possible *preparation* is done ahead of time—then you can serve interesting and satisfying food throughout the week-end, and *get some real rest yourself*.

Perhaps these menu suggestions will be helpful:

Saturday's Dinner — Generous servings of home-baked beans (cooked Friday; reheated)—Cole slaw with raisins—Crusty French rolls or bread—Apple butter—Chilled grapefruit.

Sunday's Late Breakfast — Tall glasses of chilled orange juice—Hot cakes with syrup or jam—Bacon and fried eggs on the side—Coffee.

Sunday's Dinner — Cold fried chicken (cook Saturday)—Potato chips—Big bowl of tossed vegetable salad with favorite dressing—Hot biscuits or rolls made from prepared mix—Peaches with cream (or shortcake)—Coffee or iced tea.

Monday's Brunch—Chilled fresh fruit or fruit juice—Scrambled eggs with bacon—Raw fried potatoes — Cinnamon rolls or butterhorns — Coffee.

Monday's Dinner—Cold sliced ham (baked Friday or Saturday morning)—Potatoes cooked with jackets on—Salad with pickles, tomato wedges and green onions—Coffee, tea, or carbonated beverage—Chilled watermelon.

And don't forget to plan your meals early—do your shopping early—and prepare all you can, well ahead of time!
